

Summer Preparation Work

Welcome on the French course. It is important that over the summer you keep practising French so that you are ready for September. Learning a language takes time and lots of practice. It is important that you try and read some short articles regularly and familiarise yourself with listening to the news or the radio. By reading and listening to French materials you will expand on your vocabulary and will start getting an insight on French culture.

Please be aware that prep work is an important aspect of your induction onto all courses at Wilberforce Sixth Form College. Please have this ready to hand in during enrolment or to your course teacher in the first week of lessons.

Kind regards

Steve Lawrence
Faculty Head for Social Sciences

Task 1 - Research

It is important that you take an interest in French news by reading some articles and also listening to the news as much as you can using the website : www.bfmtv.com

During the holidays choose one news item, make some short notes so that you can report back to me orally and in French!

Task 2 - Create

Write a detailed diary of your holidays. It doesn't have to be done on a daily basis but at the very least once a week. I expect about **100 words weekly**.

Give a thorough description of your activities where you will show me your written skills by being able **to use tenses accurately** as well as **specific vocabulary**.

Feel free **to describe** what you do but I expect **comments/opinions/analysis** on places you might visit, films/books you might watch/read, concerts and museums you might go to, even family gathering.

Task 3 - Question

To complete this quiz on grammar.
