

Summer Preparation Work

Welcome to Spanish A level - The aim of these activities is to raise your awareness of the importance of Spanish on a global scale, and the importance of keeping up your language skills in readiness for September.

The Internet is a fantastic tool for all language learners, and I will encourage you to practice as much as possible during your summer break.

Please be aware that Prep work is an important aspect of your induction onto all courses at Wilberforce Sixth Form College. Please have this ready to hand in during enrolment or to your course teacher in the first week of lessons.

Kind regards

Steve Lawrence

Faculty Head for Social Sciences

Task 1 - Research

I would like you to research a Spanish region or Spanish speaking country and share your findings in Spanish with the rest of the group when you come to college in September. You are free to research any aspect you wish e.g. culture, gastronomy, politics, current affairs, a famous person, music, whatever you find interesting. You can make general notes and discuss them with other students.

<https://www.ihes.com/bcn/spanish/media.html>

Task 2 - Create

Create a short word document in Spanish, Power P. presentation, or a series of photos about some famous festivals in Spain or Latino America.

You can find plenty of information (Spain):
