### Purpose and Scope

This Attendance Policy has been drawn up to clarify the expectations of all students at Wilberforce College.

High levels of attendance and excellent punctuality are both characteristic of students who achieve above or in-line with their potential. Research shows poor attendance and punctuality has a serious detrimental effect on outcomes for students. High levels of attendance and excellent punctuality are essential in the development of employability skills.

This policy identifies best practice when dealing with attendance. It emphasises the roles and responsibilities of staff, students and parents/guardians. Good attendance and punctuality will maximise achievement. Every student should aim for attendance of 100%.

College staff may refer to the Student Code of Conduct and Behaviour for Learning Policy at any time if a student's attendance falls below the expectations set out in this document as agreed during enrolment.

Attendance is the key criteria for determining the payment of any financial assistance, such as college bursaries; poor attendance may result in a student losing this support.

### Equality Statement

This policy applies to all College students regardless of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. All individuals will be treated in a fair and equitable manner recognising any special needs where adjustments can be made. No individual will suffer any form of discrimination, victimisation, harassment or bullying as a result of this policy.

## **Missing**

Young people (16-18 inclusive) who go missing usually return the same day. However, in some instances, especially if there are repeated incidents, it may be an indicator of an underlying problem or signs that the child or student is at risk of significant harm. It is recognised that young people who go missing just once may face the same immediate risks as those who go missing on a regular basis.

It is important to understand that if children or young people go missing on a regular basis, that staff do not become complacent and minimise their response. Each missing episode for any individual requires a consistently high level of response.

If staff at Wilberforce College become aware that a young person is missing, the Designated Senior Person for Safeguarding (DSP), their deputy, or a Child Protection Officer (CPO) will contact the parents/guardians, in the first instance, to ascertain more information or seek an understanding of their possible whereabouts. Staff should ask the parents/guardians if a report has been made to the police and record the incident log number. If the parent/guardian has not made a report, details of why should be recorded and the parent/guardian informed that the college will do this on their behalf, if it is believed that the young person is at risk or possible risk of harm. Also, at this stage, consideration will be given to referring the matter to Children's Social Care.

Possible indicators of underlying problems or signs of significant harm associated with missing episodes include, but are not limited to:

- Problems at home / family conflict
- Abuse or neglect
- Placement issues if Looked After by the Local Authority
- Wanting to harm themselves
- Issues at college including exclusion and bullying/harassment
- Pressure from friends/ associates
- Criminal or sexual exploitation/ trafficking
- Wanting to buy / use alcohol or drugs
- Peer-on-peer abuse including sexual harassment and sexual violence

## **Children/Young People Missing in Education**

All student attendance (16-18 inclusive) is monitored regularly, as outlined within this policy. If a student is absent, reasonable enquires will always be made to establish their whereabouts. However, if a student remains absent for a significant period of time, without explanation, or a cause for concern becomes known, the DSP or CPOs must be informed and the College's safeguarding procedures followed.

## **Child Criminal and Sexual Exploitation**

Young people who go missing or are persistently absent from College may be an indicator of exploitation, especially if other key factors are also present.

Some other potential signs of criminal or sexual exploitation are:

- Missing from home and /or being found out-of-area
- Unexplained acquisition of money, clothes, or mobile phones
- Excessive receipt of texts / phone calls and/or having multiple handsets
- Relationships with controlling / older individuals or groups
- Leaving home / care without explanation
- Suspicion of physical or sexual assault / unexplained injuries
- Parental concerns
- Carrying weapons
- Significant decline in results / performance
- Gang association or isolation from peers or social networks
- Self-harm or significant changes in emotional well-being

At Wilberforce College we monitor absenteeism daily to ascertain students' whereabouts to ensure they are safe from harm. We will work endlessly with all statutory and non-statutory stakeholders, including parents/guardians, to protect any child at risk or at possible risk of this form of abuse.

If a member of staff is concerned about a young person who is regularly absent and also presents with any of the signs listed above, they must inform the DSP or a CPO immediately, as per the college's Child Protection Policy.

*Please note: that whilst every effort will be made to follow this policy, circumstances may not always allow this or may render certain parts of the policy inappropriate. Individuals will be treated fairly and in line with legislation in all instances.*
