Code of conduct for corporation governors

1. INTRODUCTION

This Code is intended as a guide, to indicate the standards of conduct and accountability which are expected of Corporation Governors, to enable them to understand their legal and ethical duties and to assist them both in carrying out those duties, and in managing their relationship with the Corporation and Principal as the Chief Executive. This Code is therefore aimed at promoting effective, well-informed and accountable college governance. It is not intended to be a definitive or authoritative statement of the law or good practice.

In addition to this Code, Corporation Governors are recommended to familiarise themselves with the source documents listed in **Appendix 1**.

If a Corporation Governor is in doubt about the provisions of this Code or any of the source documents, the Governance Professional should be consulted and, if necessary, professional advice should be obtained. Ultimate responsibility for the appropriateness of conduct as a Corporation Governor of the College and for any act or omission in that capacity however rests with the individual Corporation Governor.

By accepting appointment to the Corporation, each Corporation Governor agrees to abide by the provisions of this Code.

Each Corporation Governor by accepting the provisions of this Code agrees that any breach of the Code by them may lead to the termination of their appointment as a Governor in accordance with clause 10 of the Corporation's Instrument of Government.

This Code applies to every committee or working party of the Corporation and to every subsidiary company or joint venture of the College to which Corporation Governors may be appointed.

The College Mission Statement, the curriculum intent and the corporate objectives of the College agreed by the Corporation from time to time and including those set out in its Accountability Statement, seek to encapsulate the core purposes, and aims of the College. Corporation Governors, should have due regard to these purposes and aims and to the Core Values when conducting the business of the Corporation and considering the activities and proposed activities of the College.

The Corporation recognises its obligations to all those with whom it and/or the College have dealings, including students, employees, suppliers, other educational institutions, and the wider community. In particular, the Corporation is committed to:

- having close regard to the voice of the learner;
- combating any discrimination within the College on the grounds of the characteristics protected by the Equality Act 2010 ("the 2010 Act") and promoting equality in accordance with its duty under the 2010 Act;
- upholding the principles set out in the College's Student Charter, copies of which are available from the Governance Professional;
- engaging with the community which the College serves in order to understand and meet its needs; and
- observing its duty to take reasonable steps to ensure freedom of speech³ for governors of the College community and visiting speakers and its duty under the Counter Terrorism and Security Act 2015 to have regard to the need, when exercising its functions, to prevent people from being drawn into terrorism⁴.

The Corporation is also committed to ensuring that it conducts its business in accordance with the highest ethical standards as set out in more detail in this Code.

4. DUTIES

Corporation Governors are in the position of charity trustees and as such owe a fiduciary duty to the College. This means that they should show it the highest loyalty and act in good faith in its best interests. Each Corporation Governor should act honestly, diligently and (subject to the provisions appearing in clause 10 of this Code relating to collective responsibility) independently. The actions of Corporation Governors should promote and

³ On freedom of speech see the College's Code of Practice on freedom of speech.

⁴ On the Prevent duty see the Home Office guidance on compliance with the duty in s.26 of the 2015 act: <https://www.gov.uk/government/publications/prevent-duty-guidance>

protect the good reputation of the College and the trust and confidence of those with whom it deals.

Decisions taken by Corporation Governors at meetings of the Corporation and its committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, Corporation Governors must not be bound in their speaking and voting by mandates given to them by other bodies or persons (including the bodies that elected them).

Corporation Governors must observe the provisions of the College's Instrument and Articles of Government and in particular the duty to give immediate notice to the Governance Professional should they become disqualified from continuing to hold office and also the responsibilities given to the Corporation by the College's Articles of Government. Those responsibilities, including a list of "reserved" responsibilities which are so important that they must not be delegated, are set out in **Appendix 4**.

Corporation Governors should comply with the Standing Orders and terms of reference of the Corporation and its committees to ensure that the Corporation conducts itself in an orderly, fair, open, and transparent manner. Corporation Governors must keep those Standing Orders and terms of reference under periodic review.

Corporation Governors should also have regard to the different, but complementary, responsibilities given to the Principal as the College's Chief Executive. The responsibilities given to the Principal by the College's Articles of Government are set out in **Appendix 4**. Whereas it is the Corporation's function to decide strategic policy and overall direction and to monitor the performance of the Principal and any other senior post holders, it is the Principal's role to implement the Corporation's decisions, and to manage the College's affairs within the budgets and framework fixed by the Corporation. Corporation Governors should work together so that the Corporation and the Principal as Chief Executive perform their respective roles effectively.

Corporation Governors should refer to the Governance Professional for advice relating to the governance functions which are set out in **Schedule 4** and have regard to the Governance Professional's independent advisory role.

5. STATUTORY ACCOUNTABILITY

Corporation Governors are collectively responsible for complying with the duties and requirements set out in the Accountability Agreement and associated funding conditions issued by the DfE, which the College has entered into as a condition of receiving public funding. A brief summary of the current college funding and accountability framework is set out in **Appendix 5**.

From November 2022 colleges were reclassified into the central government sector. This decision had immediate effect. Following the reclassification, colleges (and their subsidiaries) are now part of central government. They continue to be self-governing charities regulated by the Secretary of State but are now subject to the framework for financial management set out in Managing Public Money (MPM)⁵. MPM and its associated guidance sets out requirements for everyone working in central government to manage and deploy public resources responsibly in the public interest.

Although the DfE is the main provider of funds to the College, Corporation Governors should note that they are also responsible for the proper use of income derived from other sources, such as the Office for Students (OfS), and for the control and monitoring of expenditure of such income, in order to meet the requirements of the relevant funding body and public audit. Where funding is received directly from OfS the College will have a funding agreement with OfS, as set out in the OfS's terms and conditions of funding, which confirms the basis on which such funding is provided. Where OfS funding is received indirectly via a collaboration with an OfS funded institution such funding will be subject to obligations contained in the memorandum of co-operation between the College and that institution.

The Secretary of State is directly responsible and accountable to Parliament for ensuring that the uses to which the DfE puts its funds are consistent with the purposes for which the funds were given and comply with the conditions attached to them. The Principal, as accounting officer for the College, is also directly responsible and accountable to Parliament, through the Public Accounts Committee (PAC), for the effective stewardship by the College of public funds. The Principal may be required to appear before the PAC, alongside the Secretary of State, to give an account of the use made by the College of such funds. The Corporation is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

6. PUBLIC SERVICE VALUES

Public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in **Appendix 2**, and the recognition that students and other users of the College's services come first, are a requirement of being a governor and should underpin all decisions taken by the Board.

7. SKILL, CARE AND DILIGENCE

A Corporation Governor should in all their work for the College exercise such skill as they possess and such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when Corporation Governors act as agents of the College, e.g. when functions are delegated to a committee of the Corporation or to the Chair. Corporation Governors should be careful to act within the terms of reference of any committees on which they serve.

8. POWERS

Corporation Governors are responsible for taking decisions which are within the powers given to the Corporation by Parliament under sections 33E and 33F of the Further and Higher Education Act 1992 as amended by the Apprenticeships, Skills, Children and Learning Act 2009 and the Education Act 2011. A summary of those powers is set out in **Appendix 6**. If a Corporation Governor thinks that the Corporation is likely to exceed its powers by taking a particular decision, they should immediately refer the matter to the Governance Professional for advice.

9. CONFLICTS OF INTEREST

Like other persons who owe a fiduciary duty, Corporation Governors should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the Corporation. They should not allow any conflict of interest to arise which might interfere with the exercise of their independent judgement.

Corporation Governors are reminded that under the College's Instrument of Government and its policy on Conflicts of Interest and the general law they must disclose to the Corporation any direct or indirect financial interest they have, or may have, in the supply of work to the College or the supply of goods for the purposes of the College, or in any contract or proposed contract concerning the College, or in any other matter relating to the College or any other interest of a type specified by the Corporation in any matter relating to the College, or any duty which is material and which conflicts or may conflict with the interests of the Corporation.

If an interest of any kind (including an interest of a spouse, partner, or business associate of a

Corporation Governor or of a close relative of the Corporation Governor or their spouse, partner, or business associate) is likely or would, if publicly known, be perceived as being likely to interfere with the exercise of a Corporation Governor's independent judgement, then:

- the interest, financial or otherwise, should be reported to the Governance Professional;
- the nature and extent of the interest should be fully disclosed to the Corporation before the matter giving rise to the interest is considered.

If the Corporation Governor concerned is present at a meeting of the Corporation, or any of its committees, at which such supply, contract or other matter constituting the interest is to be considered, they should:

- not take part in the consideration or vote on any question with respect to it and shall not be counted in the quorum for that meeting; and
- withdraw from that Corporation or committee meeting where required to do so by a majority of the Governors of the Corporation or committee present at the meeting.

Where it is proposed that the Corporation should grant a governor a financial interest (such as a contract for the supply of goods or services) the Corporation must observe the requirements of the Charities Act 2011. The Corporation may wish to take legal advice before granting such an interest to a governor.

Corporation Governors must not receive gifts, hospitality, or benefits of any kind from a third party which might be in breach of the Bribery Act 2010 and the College's anti-bribery policy or be seen to compromise their personal judgement or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to, and recorded by, the Governance Professional.

The Governance Professional will maintain a Register of Corporation Governors' Interests which will be open for public inspection. Corporation Governors must disclose routinely to the Corporation all business interests, financial or otherwise, which they or persons associated with them may have, and the Governance Professional will enter such interests on the Register. Corporation Governors must give sufficient details to allow the nature of the interests to be understood by enquirers. Corporation Governors should inform the Governance Professional whenever their circumstances change, and interests are acquired or lost.

For the purposes of this **clause 9** "*close relative*" includes but is not limited to a father, mother,

brother, sister, child, grandchild and step-father/mother/brother/sister/child.

If a Corporation Governor is in any doubt about whether an interest should be disclosed, they should seek advice from the Governance Professional.

10. COLLECTIVE RESPONSIBILITY

The Corporation operates by Corporation Governors taking majority decisions in a corporate manner at quorate meetings, including meetings held by telephone, via a virtual platform and by alternative methods such as written resolutions, in all cases only if so provided for in the Instrument and Articles. Therefore, a decision of the Corporation, even when it is not unanimous, is a decision taken by the Corporation Governors collectively and each individual Corporation Governor has a duty to stand by it, whether or not they were present at the meeting of the Corporation when the decision was taken.

If a Corporation Governor disagrees with a decision taken by the Corporation, their first duty is to have any disagreement discussed and minuted. If the Corporation Governor strongly disagrees, they should consult the Chair and, if necessary, then raise the matter with the Corporation when it next meets. If no meeting is scheduled, the Corporation Governor should refer to the power of the Chair or of any five Corporation Governors under the College's Instrument of Government to call a special meeting and, if appropriate, exercise it, requesting the Governance Professional to circulate the Corporation Governor's views in advance to the other Corporation Governors. Alternatively, as a final resort, the Corporation Governor may decide to offer their resignation from office, after consulting the Chair.

11. OPENNESS AND CONFIDENTIALITY

Because of the Corporation's public accountability and the importance of conducting its business openly and transparently, Corporation Governors should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Corporation. Accordingly, agendas, minutes and other papers relating to meetings of the Corporation are normally available for public inspection when they have been approved for publication by the Chair.

There will be occasions when the record of discussions and decisions will not be made available for public inspection; e.g., when the Corporation considers sensitive issues or named individuals and for other good reasons. Such excluded items will be kept in a confidential folder by the Governance Professional, and will be circulated in confidence to Corporation Governors save for those Governors who have a conflicting interest in the particular

sensitive matter. Some confidential items are likely to be of a sensitive nature for a certain period of time only (for example information relating to a proposed commercial transaction or collaboration with another institution). The Corporation should specify how long such items should be treated as confidential or, if this is not possible, such items should be regularly reviewed to consider whether the confidential status should be removed or whether the public interest in disclosure outweighs that confidential status and the item made available for public inspection. The Corporation Governors must also consider the personal data that is contained within the excluded items in accordance with the Corporation's obligations under the UK GDPR and the Data Protection Act 2018 ("Data Protection Laws") and whether or not disclosure of that personal data would be in breach of the Data Protection Laws or the rights and freedoms of the individual(s) in question. When considering such issues the Corporation Governors must also consider the College's publication scheme issued under the Freedom of Information Act 2000 and Environmental Information Regulations 2004. Nothing in this section overrides the College's obligation to disclose in response to a request received under these information law regimes (unless an appropriate exemption applies in each case).

Staff and student Corporation Governors have, however, no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College's Instrument of Government.

It is important that the Corporation and its committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between Corporation Governors with a shared corporate responsibility for decisions. Corporation Governors should keep confidential any matter which, by reason of its nature, the Chair, or governors of any committee of the Corporation are satisfied should be dealt with on a confidential basis.

Corporation Governors should not make statements to the press or media or at any public meeting relating to the proceedings of the Corporation or its committees without first having obtained the approval of the Chair or, in their absence, the Vice Chair. It is unethical for Corporation Governors publicly to criticise, canvass or reveal the views of other Corporation Governors which have been expressed at meetings of the Corporation or its committees.

12. COMPLAINTS

In order to ensure that the affairs of the College are conducted in an open and transparent manner and that the College is accountable for its use of public funds but also to its employees, its students, and the community it serves, it is important for there to

be appropriate complaints procedures in place and for these to be well publicised. Corporation Governors are reminded of their specific responsibility under the Articles of Government to make rules specifying the procedures in accordance with which employees may seek redress of any grievances relating to their employment, of the importance of having formal complaints procedures in place to handle issues raised by students, former students and third parties and of the legal requirement to have a whistleblowing procedure in place.

Students, employers and other third parties have a right to make a complaint to the DfE in respect of the College or of any of its decisions, and this right is referred to in the College's relevant complaints and disciplinary procedures. Copies of these procedures can be obtained from the Governance Professional. Corporation Governors in particular are reminded that under the DfE's procedure for dealing with complaints about post 16 education and training provision funded by the DfE⁶ the DfE can investigate complaints about:

- quality, management or experience of education and training;
- undue delay or non-compliance with published complaints procedures;
- poor administration;
- the quality of assessments;
- equality and diversity issues (except where there is a more appropriate mechanism for dealing with the matter through the courts or tribunals or other organisations);
- advanced learner loans;
- apprenticeship providers from employers; and
- from employers, parents or other third parties on behalf of apprentice(s).

The DfE will not investigate complaints about:

- issues that are more than 12 months old (except for exceptional cases related to advanced learner loans);
- examination results, grades, marks, assessment outcomes or curriculum content;
- individual employment issues;

- governor or other voluntary employment issues;
- contractual or commercial disputes or arrangements;
- disputes between an employer and a provider in relation to the apprenticeship levy;
- matters which are the subject of legal action or matters that are better investigated by the police;
- the cancellation or reimbursement of advanced learner loans (which should be referred to the student loan company);
- claims for compensation, a refund of fees or costs incurred when a learner has to transfer to another provider;
- issues classified as serial; or
- allegations of fraud, financial irregularity, whistleblowing and allegations of incentives and inducements (which should be directed to the allegations team); and
- safeguarding concerns⁷.

Complaints made by learners following HE courses in Sixth Form colleges are directed to the Office of the Independent Adjudicator for HE.

13. ATTENDANCE AT MEETINGS

A high level of attendance at meetings of the Corporation is expected so that Corporation Governors can perform their functions properly⁸.

14. GOVERNANCE DEVELOPMENT

The Corporation shall seek to ensure that all Corporation Governors are appointed on merit, in accordance with an open selection procedure carried out by the Corporation's Search Committee, and are drawn widely from the community which the College serves so as to be representative of that community. The Corporation should have regard to the provisions relating to the membership of the Corporation in the College's Instrument of Government, the need to combat discrimination and to promote equality, and the need to make available a range of necessary skills and experience to ensure that the Corporation carries out its functions under the College's Articles of Government.

⁶ [Complaints about post-16 education and training provision funded by DfE - GOV.UK](https://gov.uk/government/uploads/system/uploads/attachment_data/file/614411/complaints-about-post-16-education-and-training-provision-funded-by-dfe.pdf)

⁷ These will be passed onto the appropriate team within DfE who will contact the college. DfE may also contact other organisations, e.g. Ofsted and local authorities

⁸ Refer to the College's Standing Orders if a more stringent or detailed attendance requirement has been set out.

Corporation Governors must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and training programmes, including regular refresher workshops.

In order to promote more effective governance, Corporations Governors are required to commission

an external review of governance⁹ every three years and to carry out an annual review of the performance by the Corporation of its duties and responsibilities, including a review of their own performance as part of a continuing and critical process of self-evaluation.

The Seven Principles of Public Life

The following is an extract from the Second Report of the Nolan Committee on Standards in Public Life, May 1996:

SELFLESSNESS

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

INTEGRITY

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

OBJECTIVITY

ACCOUNTABILITY

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

OPENNESS

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

HONESTY

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

LEADERSHIP

Holders of public office should promote and support these principles by leadership and example.

- Matters of governance practice.

¹⁴ The position is set out as required by the 2008 Articles. Schedule 4 FHEA 1992 contains no statement of the responsibilities of the Governance Professional. It is, however, suggested that the list in the 2008 Articles remain appropriate. Legal advice should be obtained if any change to the list is being considered.

Appendix 5

College funding framework

The government's reforms to post-16 education have been implemented through changes to funding, accountability and governance arrangements overseen by the Department for Education (DfE).

Sixth form colleges receive public funding subject to the DfE's funding agreements and associated accountability agreements, which set out the terms and conditions under which funding is provided and the governance and assurance requirements with which colleges must comply.

As part of these arrangements, colleges are required to prepare and publish an annual Accountability Statement, approved by the Corporation, explaining how the College will contribute to national, regional and local priorities in return for public funding.

The accountability framework is supported by a range of governance, financial management and

assurance requirements. Following reclassification into the central government sector, sixth form colleges are subject to Managing Public Money and associated guidance, and are required to prepare audited annual reports and financial statements with appropriate regularity assurance.

DfE funding agreements, accountability requirements and associated guidance are updated from time to time, often in line with the annual funding cycle.

Corporation Governors should ensure that the College's governance arrangements, financial management and strategic planning remain aligned with the current funding and accountability framework.
