Wilberforce College Curriculum Offer 2021/22

The College curriculum offer is determined by the College's Mission and Core Values, expressed through the annual Development Plan.

College Mission

Wilberforce College's mission is to be an outstanding College. We will work with our students and the community to raise aspirations, and enable all students to fulfil their potential.

College Core Values

- We conduct ourselves with integrity and respect for all.
- We make students' experience central.
- We value individuals and promote self-esteem.
- We work as a team.
- We encourage innovation, creativity and enjoyment.
- We aim for excellence in everything we do.

Delivery of the College Mission

The College is committed in its mission to design and deliver an inclusive curriculum. This provides a broad and flexible curriculum with provision for academic, vocational and mixed pathways at Levels Two to Three.

Over recent years, the College has expanded its range of shorter Extended Certificate qualifications in order to create more flexible curriculum pathways, particularly to ensure that access to Level Three qualifications is maintained.

The effectiveness of this offer is borne out by national and College progression data.

Determinants of the College Curriculum Offer

1. Response to Local Economic Priorities

The College curriculum offer reflects local and regional economic priorities, particularly those expressed in:

- Local Council Skills ambition (Hull City Council)
- Local LEP Employment and Skills Strategy

These priorities include meeting the skills challenge in engineering as the Humber Green Port development expands, local shortages in the Care industry for all ages, and the development of a Hull based digital skills specialism.

Curriculum responses have included the following:

- Development of the Health T-level course and partnership development with the City Health Care Partnership to help support and deliver placements. Expansion and revision of the range of Care courses to ensure that they provide a range of vocational experiences and meet professional standards including 'licence to practice'.

Specifically, we introduced five new courses for 2020/21:

- Extended Diploma in Performance and Production with Northern Academy of Arts
- A Level Computing
- A Level Further Maths
- Extended Certificate in Creative Digital
- Level 2 Business and Finance

2. Enabling Transition from Year 11

The College curriculum is also designed to ensure continuity with the course offer and teaching approaches in Year 11, in order to facilitate progression and maintain pathways. This is informed by:

- Membership of the Hull Secondary Heads Forum, and previously 14-19 Partnership
- Membership of the Hull Curriculum Deputies Forum
- Liaison and partnership with partner schools, including joint curriculum meetings

3. Curriculum Development

Specific determinants of curriculum planning are:

1. Introduction of T levels
2. A Level specifications
3. Major changes to vocational qualifications in terms of assessment regime, 'technical/applied' categorisation
4. The requirements of study programmes, and in particular the development of vocational contexts

4. Curriculum Offer 2021/22

We will be making the following changes to our 2021/22 curriculum offer:

- Introduction of Health T Level.
- Introduction of the T Level Health Transition programme, to run alongside our BTEC offer.
- Introduction of A Level Politics.

In preparation for curriculum delivery in 2022/23, we have secured ESFA approval to deliver T Levels in Engineering, Digital and Business.

2.7 Partnerships

Wilberforce is proud to partner with other education providers, community groups and businesses and national companies and organisations.

Wilberforce is member of the Advance Colleges Trust (ACT), a partnership between three independent, incorporated Sixth Form Colleges: Franklin, John Leggott and Wilberforce.

The ACT is based on firm history of collaboration and partnership working and has already made significant strides in raising standards in teaching and learning.

Wilberforce is a member of the Sixth Form Colleges Association (SFCA) and works with the Norvic group (Northern Sixth Form Colleges Federation).

The College also works in partnership with a number of companies and organisations including NAPA, Yorkshire Water and Microsoft as well as with Higher Education providers including the Universities of Hull, Lincoln, Coventry (Scarborough Campus), York and Leeds Trinity.

In addition to our educational partnerships, we also have great relationships with the local community and businesses. These partnerships enable our students to take up relevant work experience placements, giving them the best possible platform for success.

2.8 Ofsted

Wilberforce's mission is to become an 'outstanding' College.

Wilberforce was inspected by Ofsted in 2015 and 2018, and judged on both occasions as being 'Good' in all categories.

Our 2018 Ofsted report can be found here:
