

REPORT AND FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 JULY 2021

KEY MANAGEMENT PERSONNEL, BOARD OF GOVERNORS AND PROFESSIONAL ADVISERS**Key management personnel**

Key management personnel are defined as members of the College Leadership Team and were represented by the following in 2020/21:

Colin Peaks – Principal
Ben Wallis – Vice Principal
Natalie Sketchley – Vice Principal
Jonathon Butler – Assistant Principal
Stewart Edwards – Assistant Principal
Gary Parkinson – Business Manager

Board of Governors

A full list of Governors is given on pages 16 to 18 of these financial statements.

REPORT OF THE GOVERNING BODY

Nature, objectives and strategies

The members present their report and the audited financial statements for the year ended 31 July 2021.

Legal status

The Corporation of Wilberforce Sixth Form College was established under the Further and Higher Education Act 1992. The Corporation has the status of an exempt charity for the purposes of Part 3 of the Charities Act 2011.

Mission

The College has determined through governor, staff and student dialogue, that it will work through a set of core values to achieve its objectives. These core values are:

- We conduct ourselves with integrity and respect for all.
- We make students' experience central.
- We value individuals and promote self-esteem.
- We work as a team.
- We encourage innovation, creativity and enjoyment.
- We aim for excellence in everything we do.

The College's mission informed by these core values is:

"Wilberforce College's mission is to be an outstanding college. We will work with our students and the community to raise aspirations, and enable all students to fulfil their potential."

Public benefit

Wilberforce Sixth Form College is an exempt charity under Part 3 of the Charities Act 2011 is regulated by the Secretary of State for Education. The members of the Governing Body, who are trustees of the Charity, are disclosed on pages 16 to 18.

In setting and reviewing the College's strategic objectives, the Governing Body has had due regard for the Charity Commission's guidance on public benefit and particularly upon its supplementary guidance on the advancement of education. The guidance sets out the requirement that all organisations wishing to be recognised as charities must demonstrate explicitly that their aims are for the public benefit.

In delivering its mission, the College provides the following identifiable public benefits through the advancement of education:

- High quality teaching and excellent student achievement.
- Widening participation and tackling social exclusion.
- Excellent employment record for students.
- Strong student support systems.
- Partnerships with Higher Education.
- Links with employers, industry and commerce.
- Links with Local Enterprise Partnerships (LEPs).
- Partnership working with other Sixth form Colleges to improve opportunities for all students.

The delivery of public benefit is covered throughout the Report of the Governing Body.

REPORT OF THE GOVERNING BODY (CONTINUED)**Implementation of the strategic plan****Wilberforce College strategic objectives 2020-21***Objectives*

To be the College of first choice for 16-19 year olds within the area that we serve, as an exceptionally high performing Sixth Form College.

Strategies

1. Outstanding course outcomes
2. Appropriate and meaningful progression
3. Long term financial viability

The key aspects of the implementation of the College's strategy and the College's development plan are:

1. Outstanding course outcomes

The impact of COVID 19 on the delivery to students was significant with the College completely closed during January and into February in line with Government guidance and significant reductions in student attendance due to the impact of the virus. The College had already started to work on a digital learning strategy which included remote learning and was able to quickly develop this to minimise the impact on student learning. The College dealt swiftly with the digital poverty issues faced by a number of students by providing Wi-Fi access and laptops to ensure no student was disadvantaged.

Key achievements

Developed a fully inclusive Digital learning environment using Microsoft 365 to promote lifelong learning and future ready digital skills.

Microsoft Showcase College status achieved with 12 staff sitting the MCE exam and passing and a further 5 staff joining the original 7 MIEEs. We are currently the first and only sixth form in the UK to achieve this status.

Digital Strategy document produced in line with being accepted as a DfE Demonstrator for a second year.

Implementation of an A level action plan to secure high achievement through consistent practice and rigorous QA for all courses.

COVID 19 TLA plan introduced including weekly lesson planning document, minimum expectations relating to ongoing assessment and support for virtual learning.

In response to COVID 19, the summer exam 2020/21 series was cancelled and students were awarded a Teacher Assessed Grade. The grading process included an initial teacher grading of a collective review of student performance from 9 in-year formal assessments, course work, mock exams, on-going teacher assessment (homework, in class and independent) in order to inform a grade. The overall pattern of student outcomes was outstanding and reflective of the two year improvement plan in teaching, learning and assessment and quality assurance and improvement practices.

- Pass rates are outstanding for all Level 3 and Level 2 subject areas
- High grades at Level 3 are outstanding.
- Academic vocational provision constitutes the most significant proportion of the course delivery and outcomes are outstanding. Due to the change in qualification type however, only two courses appear on the ALPS data:
- Level three retention declined on Btec courses. This was a direct result of COVID19

REPORT OF THE GOVERNING BODY (CONTINUED)

Implementation of the strategic plan (continued)

- A significant improvement in A Level progress in terms of Added Value measures.
- Performance on the revised Level 2 vocational courses is excellent, with a rise in achievement against a national pattern of declining performance due to the introduction of external assessment.
- GCSE A-C pass rates in Maths and English are above post-16 national average.

2. Appropriate and meaningful progression

Key achievements

We have continued to deliver a broad curriculum and good quality initial advice and guidance that ensure students enrol onto programmes that very successfully reflect their career aspirations.

Delivered a curriculum that responds well to local and national priorities.

Provided excellent careers advice and guidance, with the consequence that the large majority of students make well-informed choices. This continued remotely through the pandemic.

A virtual careers fair was provided to students and parents in collaboration with the Venn colleges in March, which had a positive engagement from students and employers.

The IT students took part in the Humber Tech Week in November, with the college playing a key role in the organisation of this event.

More careers and employer engagement information was provided to students via Microsoft Teams, which delivered an increase in the number of students engaging with Unifrog (our careers and employer engagement portal) than in previous years. More information and guidance was also delivered through the tutorial programme than has ever been delivered previously.

Employer engagement data shows the significant impact of pandemic, with work placements and employer engagement activities halted for large periods of time. Although this is down on previous years, we have still managed to engage with over 100 employers in different activities, had 32 guest speakers and 760 students participate in an employer engagement activity.

3. Long term financial viability

Key achievements

The College's strategy is to consolidate student numbers, whilst remaining responsive to the demands of the community in 2020/21 the College had 1249 funded 16-18 year old students,

The impact of COVID 19 on the finances has been positive with significant savings resulting from the closure of the College and the receipt of additional income through various Government initiatives aimed at reducing the impact of the pandemic on student education.

We have continued to develop a liaison and marketing strategy to secure student enrolments, alongside curriculum developments that are aligned with local and national priorities, particularly those of the Humber LEP. This strategy has involved closer working with a wide range of partner schools.

Additional capital funding has been secured through the T Level wave 2 funding programme (£646k), a CIF grant for heating works (£778k) and a CIF grant for roofing works (£409k).

Additional revenue funding was secured during the year via the College Collaboration Fund, The Ed Tech Demonstrator College Fund, Maths Centre for Excellence Fund and partnership funding through Hull University.

REPORT OF THE GOVERNING BODY (CONTINUED)

Implementation of the strategic plan (continued)

The Financial Management Group has continued to meet monthly and all significant expenditure is reviewed through this group. Further scrutiny is provided by the Corporation's Finance & General Purposes Committee

Partnership activity

In addition to its core objectives the College has continued to develop its work with partners and makes a significant contribution to 11-16 education in the local area through:

- Membership of the Hull Secondary Heads Group.
- Provision of teaching and enrichment activities with secondary school partners.
- Centre for Excellence in Maths work undertaken with local secondary schools
- Ed Tech Demonstrator programme

The College works with the 14-19 partnerships in Hull and the East Riding, with a range of local sports organisations and with local charities.

Wilberforce is an Associate College of the Universities of Hull, Lincoln, Coventry (Scarborough Campus), York and Leeds Trinity.

Wilberforce continued to play an active role in the NORVIC partnership and the VENN partnership.

During the year, a partnership with the 'Living with Water' programme was developed, the programme is focused on raising public knowledge of water and its impact on the local area. This has resulted in the development of a community learning hub on the site.

The Advance Colleges Trust (ACT) is a collaboration between three independent, incorporated sixth form colleges: Franklin, John Leggott and Wilberforce. It has grown out of the Venn Group (a federation of five SFCs) and is based on a long history of collaboration and partnership working. The ACT is remarkable for the pace of change and development at each of the three member colleges since its inception. With strong leadership from the Principals, the partnership has already made significant strides towards a unified curriculum and timetable, with joint activity on raising standards in teaching and learning, and in developing progression pathways, being in the vanguard. The Centre for Professional Development is being rolled out across the three colleges (following a successful launch at Franklin), and the focus has now turned to how the partnership can be mapped out, both in the immediate future and medium term.

Financial objectives

The Corporation has set the following strategic targets:

- a) To achieve financial health category "good" within three years of any year from which the College falls below this level.
- b) To retain a general reserve equivalent to 10% or more of income at the end of the financial year.
- c) To maintain at least 25 cash days in hand at the end of the financial year.
- d) To maintain a current ratio of at least 1.3 to 1 at the end of the financial year.
- e) To maintain a budget plan which ensures that any operating deficits are planned and that there is a plan to return to an annual operating surplus within three years.

REPORT OF THE GOVERNING BODY (CONTINUED)

Financial objectives (continued)

Actual and planned performance against strategic financial targets 2019-2023 based on the CFFR submitted in July 2021 and figures shown in these accounts.

Objective	2019/20	2020/21	2021/22	2022/23
a)	Good	Outstanding	Good	Good
b)	32%	31%	28%	27%
c)	77 days	100 days	88 days	84 days
d)	4.38:1	4.29:1	4.46:1	5:1
e)	-2.75%	0%	2%	-1%

All of the strategic financial targets have been achieved in 2020/21 and are expected to be achieved in 2021/22 and 2022/23. The College had planned for an annual operating deficit from 2020/21 but reduced this significantly during the year and will continue to take action to manage future year budgets.

- The College is expected to achieve a financial health category "outstanding" in 2020/21 and the current financial plan for 2021/22 and 2022/23 indicates a good grade.
- The reserves have increased slightly this year but are still impacted by a large pension liability however the cash balances remain strong.
- The College's liquidity position is predicted to remain above the strategic targets for the life of the Financial Plan.
- The Corporation believes that the College has a strong record of fiscal stability and has a good base for continuing investment in the College's facilities.

The College is committed to observing the importance of sector measures and indicators and uses the data available on the GOV.UK website which looks at measures such as success rates. The College also subscribes to the ALPS and Six Dimensions student progress performance measures. The College is required to complete the College Financial Forecasting return and other financial returns for the Education and Skills Funding Agency ("ESFA"). These produce a financial health grading. The current rating of "good" for 2019/20 is considered an acceptable outcome. The predicted 'outstanding' rating for 2020/21 is based on figures in these accounts.

Financial position

The College has generated an operating deficit of £11,000 for the year 2020/21 (£272,000 deficit 2019/20). The total comprehensive income for the year 2020/21 is £57,000 ((negative £1,929,000, 2019/20).

The College has accumulated income and expenditure reserves of £ 2,248,000 and a cash balance of £2,072,000 at 31 July 2021.

Tangible fixed asset additions during the year amounted to £396,000 and related to the works to the library area, B block in partnership with Yorkshire Water and investment in furniture as well as IT development and hardware. The figure includes £215,000 of work in progress at the year end relating to redevelopment of the Performance Theatre and D block as part of our preparation for the delivery of T Levels.

REPORT OF THE GOVERNING BODY (CONTINUED)

Financial objectives (continued)

The College has significant reliance on the education sector funding body for its principal funding source, largely from recurrent grants. In 2020/21 the funding body provided 94 % of the College's total income.

The vast majority of our income comes from Government grants and was therefore protected during the lockdown and was received in line with the profile. However the closure of the canteen saw a reduction in takings some of which was offset by the furlough funding received in respect of these staff.

Expenditure savings were made during the lockdown particularly in relation to the student bus services, utility costs and exam costs.

The valuation of the LGPs pension scheme has resulted in the net pension liability calculated as a deficit of £2,599,000 (2019/20 deficit £2,384,000).

Treasury policies and objectives

Treasury management is the management of the College's cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

The College has a separate treasury management policy in place within the Financial Regulations and Procedures. Short term borrowing for temporary revenue purposes is authorised by the Accounting Officer. All other borrowing requires the authorisation of the Corporation.

Cash flows

At £874,000 (2019/20 £153,000), cash generated from operations was strong.

Liquidity

The size of the College's total borrowing and its approach to interest rates has been calculated to ensure a reasonable cushion between the total cost of servicing debt and operating cash flow. During the year this margin was comfortably exceeded.

Reserves policy

The College recognises the importance of reserves in the financial stability of any organisation and ensures that there are adequate reserves to support the College's core activities. The College maintains cash reserves to cover pay and non-pay costs for at least the next month. As at the balance sheet date the Income and Expenditure reserve stands at £ 2,248,000 (2020: £2,162,000).

Current and future development and performance

- **Financial health**

The College's current financial health grade is classified as "good" and is expected to be "outstanding" For 2020/21. The current projected health grade for 2021/22 is 'good'. The impact of COVID 19 on the College finances had a positive impact on the financial statement ongoing costs related to COVID 19, including PPE, IT equipment and changes to the site as well as the cost of employing additional staff may impact for the foreseeable future. The College has included contingency within the 2021/22 budget to deal with some of these costs and this will be kept under review.

REPORT OF THE GOVERNING BODY (CONTINUED)**Current and future development and performance (continued)**

The College's main source of funding is the grant for 16-18 year olds received from the ESFA and whilst the base rate increased a few years ago the rate is still low which presents significant challenges for the college. The College has been successful in securing alternate funding to supplement the main funding and will continue to seek additional funding over the coming years. The college currently receives a grant to cover a recent increase in the pension contribution rate for teachers, this funding has not been guaranteed beyond 2021/22 and if it ceased this would significantly impact the College finances.

Whilst cash balances remain strong throughout the period of the financial plan the increase in liabilities of the LGPS has a significant impact on the reserves.

- **Developing resources**

The College will seek to maintain a competitive position by continuing to invest in staff, buildings, computer resources and teaching and study facilities. The College will seek to employ funds with maximum efficiency to provide the resources to sustain ongoing development as such Governors have committed to a significant capital investment of £750,000 over a three year period funded from College reserves. In addition successful bids have been submitted for wave 2 T Level capital funding and CIF funding. We will continue to seek alternate sources of funding to assist with the site redevelopment.

- **New freedoms**

The College has a well developed Board Assurance Framework. This has enabled the Audit Committee to commission activity that extends more widely than previously in order to address the wider profile of risks that the College has identified.

- **COVID-19**

The full impact on the College of COVID 19 are still developing, recruitment in 2021 has remained at the previous years level and the college is currently operating a 'normal' timetable. The College has hosted a vaccination centre for students and continues to encourage regular testing.

The College has developed, and will continue to develop, its systems to make sure that it can easily adapt its approach if necessary and deliver a high standard of remote learning for students when required. As part of this the College is

We are currently establishing what access students have to IT hardware at home in order that we can make sure no student is disadvantaged if we need to deliver remotely..

Staff and student involvement

All College staff are asked to contribute to the planning for the strategic direction of the College through team meetings, staff meetings, management meetings and development group meetings.

Widespread consultation is undertaken with staff on major issues and the College's management team operates an open door policy and welcomes ideas and suggestions. An annual staff survey was introduced in 2014, benchmarked against other Colleges, this is updated annually.

Students are consulted on issues through Teams, the tutor group system and 'Student Voice' activities. The student body elects a Student Council which holds regular surgeries and welcomes views. The Student Council is represented on the Governing Body of the College. This consultation has been very effective in determining improvement priorities including e-learning in lessons and resource deployment into social areas, the creation of a College gym and the development of study facilities.

Staff and students are encouraged to email or teams message suggestions, ideas or criticisms to the College's management team. All such emails/ team messages are followed up promptly.

REPORT OF THE GOVERNING BODY (CONTINUED)

Events after the end of the reporting period

There are no significant post balance sheet events.

Future prospects

The College is confident that it constitutes a 'going concern' beyond the period of the next twelve months. A number of factors inform this view:

1. The College has consistently demonstrated prudent financial management. Year end outcomes have always been consistent with or better than the ESFA financial rating of the budget plan. When necessary the College has made adjustments in line with a decline in enrolments, and consequently funding. The College has cash reserves which can support any adjustments required by structural change at a national and regional level. Consequently the College has never been subject to a financial notice to improve.
2. The 16-18 cohort in Hull is increasing, a pattern which will continue for the next five years. The College is in a strong position to recruit a portion of these and has seen positive recruitment at the start of 2021/22.
3. College retention has improved over the last five years due to the linearity nature of courses.

Resources

The College has various resources that it can deploy in pursuit of its strategic objectives. Tangible resources include the main College site, which has been developed significantly over recent years.

Financial

The College has £3,596,000 of net assets (including £2,599,000 pension liability) and long term debt of £134,000 at 31 July 2021.

People

During the year ended 31 July 2021 the College employed 113 people (expressed as full time equivalents), of whom 71 were teaching staff.

Reputation

The College has a good reputation locally and nationally. Maintaining a quality brand is essential for the College's success in attracting students and external relationships.

Principal risks and uncertainties

The College has undertaken further work during the year to develop and embed the system of internal control, including financial, operational and risk management which is designed to protect the College's assets and reputation.

Based on the strategic plan, the Risk Management Group (SLT) undertakes a comprehensive review of the risks to which the College is exposed. They identify systems and procedures, including specific preventable actions which should mitigate any potential impact on the College. The internal controls are then implemented and the subsequent year's appraisal will review their effectiveness and progress against risk mitigation actions. In addition to the annual review, the Risk Management Group undertakes a termly update of the risk register, considering any risks which may arise as a result of a new area of work being undertaken by the College.

The risk register is maintained at the College level which is reviewed at least annually by the Audit Committee and more frequently where necessary. The risk register identifies the key risks, the likelihood of those risks occurring, their potential impact on the College and the actions being taken to reduce and mitigate the risks. Risks are prioritised using a consistent scoring system. This is supported by a risk management training programme to raise awareness of risk throughout the College.

REPORT OF THE GOVERNING BODY (CONTINUED)

Principal risks and uncertainties (continued)

Outlined below is a description of the principal risk factors that may affect the College. Not all the factors are within the College's control. Other factors besides those listed below may also adversely affect the College.

1. Government funding

The College has considerable reliance on continued government funding through the further education sector funding body. There can be no assurance that government policy or practice will remain the same or that public funding will continue at the same levels or on the same terms.

The College is aware of several issues which may impact on future funding:

- Changes to the funding of post-16 provision and the introduction of T Levels.
- The uncertainties regarding the country's withdrawal from the EU and the COVID 19 pandemic may result in significant changes to Treasury policy and increased cost of supplies.
- The pressure for an increased pay settlement for the post-16 sector, this will not be funded for sixth form Colleges.
- Uncertainty around the future funding of the Teacher pension scheme.
- The introduction of 16-19 academies and an increase in the UTC's capacity in the Colleges' operating area to which resources may be prioritised and the potential for alternative local sixth form or other provision that may impact upon recruitment and thus funding.
- An increasing cohort locally which should aid recruitment over the next few years.

This risk is mitigated in a number of ways:

- By ensuring the College is rigorous in delivering high quality education.
- By reviewing and undertaking a risk assessed approach to alternative sources of funding.
- Considerable focus and investment placed on maintaining and managing key relationships with the various funding bodies.
- Ensuring the College is focused on those priority sectors which will continue to benefit from public funding.
- Regular dialogue with the Education and Skills Funding Agency.
- Collaborative working with the Federation and other sixth form providers to secure more effective delivery in terms of quality and financial efficiency.
- By increasingly developing strategies to generate external income.

2. Maintain adequate funding of pension liabilities

The financial statements report the share of the pension scheme deficit on the College's balance sheet in line with the requirements of FRS 102.

This risk is mitigated by an agreed deficit recovery plan with the East Riding Pension Fund.

3. Failure to maintain the financial viability of the College

The College's current financial health grade is classified as "good" however this is predicted to improve to outstanding this year and remain as 'good' in future years. Notwithstanding that, the continuing challenge to the College's financial position remains the constraint on further education funding arising from the ongoing cuts in public sector spending whilst maintaining the student experience together with additional costs resulting from the COVID 19 pandemic. This risk is mitigated in a number of ways:

- By rigorous budget setting procedures and sensitivity analysis.
- Regular in year budget monitoring.
- Robust financial controls.
- Exploring ongoing procurement efficiencies.
- Income generation.

REPORT OF THE GOVERNING BODY (CONTINUED)

Stakeholder relationships

In line with other colleges and with universities, Wilberforce College has many stakeholders. These include:

- Students;
- Parents;
- Sixth Form Commissioner;
- Education sector funding bodies;
- Staff;
- The Humber LEP and Bondholders;
- Local employers (with specific links);
- Local Authorities;
- Government Offices;
- The wider local community;
- Other FE institutions;
- Trade unions;
- Professional bodies;
- Regional and national universities.

The College recognises the importance of these relationships and engages in regular communication with them through the College Internet site, through email access to Senior Leaders and by meetings.

Equality

The College is committed to ensuring equality of opportunity for all who learn and work here. We respect and value positively differences in race, gender, sexual orientation, disability, religion or belief and age. We strive vigorously to remove conditions which place people at a disadvantage and we will actively combat bigotry. This policy is resourced, implemented and monitored on a planned basis. The College's Equality Policy is published on the College's Intranet site.

The College has invested in resources to promote the objectives of the Equality Act 2010, including:

- Estates development to ensure there are no physical hindrances to participation in the College.
- Employment of specialist staff to provide support for additional needs, emotional needs or physical needs.
- Provision of specialist equipment to support the participation of any individual with additional or special needs.

The College publishes an Annual Equality Report and Equality Objectives to ensure compliance with all relevant equality legislation including the Equality Act 2010. The College undertakes equality impact assessments on all new policies and procedures and publishes the results. Equality impact assessments are also undertaken for existing policies and procedures on a prioritised basis.

The College is a 'Positive about Disabled' employer and has committed to the principles and objectives of the Positive about Disabled standard. The College considers all employment applications from disabled persons, bearing in mind the aptitudes of the individuals concerned, and guarantees an interview to any disabled applicant who meets the essential criteria for the post. Where an existing employee becomes disabled, every effort is made to ensure that employment with the College continues. The College's policy is to provide training, career development and opportunities for promotion which, as far as possible, provide identical opportunities to those of non-disabled employees.

The College seeks to achieve the objectives of the Equality Act through:

- Rigorous elimination of any form of bias or bigotry from any aspects of the College's systems, activities or the actions of any member of the College community.
- Promoting an understanding of the needs and rights of all the diverse groups represented in the College community.

REPORT OF THE GOVERNING BODY (CONTINUED)

Equality (continued)

- Ensuring that the needs of potential governors, staff, students or parents of students are met wherever possible so that there are no barriers to participation in the College community.

Disability statement

The College seeks to achieve the objectives set down in the Equality Act 2010.

- As part of its accommodation strategy the College has made major improvements to access to buildings and facilities for students with additional needs.
- The College retains an Additional Needs Manager, who provides information, advice and arranges support where necessary for students with disabilities.
- There is a list of specialist equipment, such as radio aids, which the College can make available for use by students and a range of assistive technology is available in the learning centre.
- The admissions policy for all students is described in the College Charter. Appeals against a decision not to offer a place are dealt with under the complaints policy.
- The College has made a significant investment in the appointment of specialist teachers and student support staff to support students with learning difficulties and/or disabilities. There are a number of student support assistants who provide a variety of support for learning. There is a continuing programme of staff development to ensure the provision of a high level of appropriate support for students who have learning difficulties and/or disabilities.
- Specialist programmes are described in the College prospectus, and achievements and destinations are recorded and published.
- Counselling and welfare services are described in the College Student Guide, which is available online to students together with the Complaints and Disciplinary Procedure information.

Trade Union facility time

The Trade Union (Facility Time Publication Requirements) Regulations 2017 require the College to publish information on facility time arrangements for trade union officials at the College.

Adequacy of going concern assumption

Increased uncertainty over income streams, the development of other providers and future curriculum change all present challenges to the College. These will be managed through ongoing referral and employment of the College's risk register.

The College scrutinises the viability and solvency of its operations rigorously. Budget contingencies are maintained in order to be able to address possible future challenges in managing cost reductions and inflationary pressures. These contingencies remain higher than normal in 2021/22 to reflect the potential additional costs of the COVID 19 pandemic. The college continues to monitor the impact of COVID 19 on its financial position however to date this has been positive from a financial sense.

The College will continue to invest in effective publicity and liaison to secure future income through increased recruitment.

The College returned a small deficit in 2020/21 after the revaluation reserve transfer but expects to make a planned surplus over the next two years. This will be achieved in a number of ways including:

- Considering possible staffing efficiencies to maintain achieving a good financial health grade.
- Reviewing the curriculum and rationalising where appropriate and in line with local and national priorities.
- Reviewing alternative income sources.
- Continuing to develop the College estate, quality of provision and promotion of the College to ensure viable student enrolments.
- Delivering against the strategic plan to move towards an 'Outstanding' Ofsted grade.

It is expected that the College has adequate resources to continue in operational existence for the foreseeable future, the forecast covers the period to at least July 2023 and therefore these financial statements have been prepared on the going concern basis.

The latest two year financial plan prepared by the College covers the period 2021-23. This shows that the College expects to maintain a healthy financial position over the period of the plan, with both pay costs and non-pay costs being tightly controlled. Monthly cash flow forecasts have been prepared up to July 2023 and these show that the College also expects to maintain a healthy cash balance over the period.

After making appropriate enquiries, the Corporation considers that the College has adequate resources to continue in operational existence for the foreseeable future and certainly the period to 2022/23 covered by the financial planning. For this reason, it continues to adopt the going concern basis in preparing the financial statements.

Disclosure of information to auditors

The members who held office at the date of approval of this report confirm that, so far as they are each aware, there is no relevant audit information of which the College's auditors are unaware; and each member has taken all the steps that he or she ought to have taken to be aware of any relevant audit information and to establish that the College's auditors are aware of that information.

REPORT OF THE GOVERNING BODY (CONTINUED)**Disclosure of information to auditors (continued)**

Approved by order of the members of the Corporation on 8th December 2021 and signed on its behalf by:

Patricia Mould
Chair

STATEMENT OF CORPORATE GOVERNANCE AND INTERNAL CONTROL

The following statement is provided to enable readers of the annual report and financial statements of the College to obtain a better understanding of its governance and legal structure. This statement covers the period from 1st August 2020 to 31st July 2021 and up to the date of the approval of the annual report and financial statement.

The College endeavours to conduct its business:

- i. in accordance with the seven principles identified by the Committee on Standards in Public Life (selflessness, integrity, objectivity, accountability, openness, honesty and leadership); and
- ii. having due regard to the UK Corporate Governance Code 2018 ("the Code") insofar as it is applicable to the Further Education Sector.

The College is committed to exhibiting best practice in all aspects of corporate governance. In the opinion of the governors, the College complies with all the provision of the Code in so far as they apply to the Further Education Sector, and it has complied throughout the year ended 31 July 2021. The governing Body recognises that, as a body entrusted with both public and private funds, it has a particular duty to observe the highest standards of corporate governance at all times.

The College is an exempt charity within the meaning of Part 3 of the Charities Act 2011. The Governors, who are also the Trustees for the purposes of the Charities Act 2011, confirm that they have had due regard for the Charity Commission's guidance on public benefit and that the required statements appear elsewhere in these financial statements.

The Corporation

The members who served on the Corporation during the year and up to the date of signature of this report were as follows:

<i>Name</i>	<i>Date of Appointment</i>	<i>Term of Office</i>	<i>Date of Resignation</i>	<i>Current Status of Appointment</i>	<i>Committees Served</i>	<i>Attendance at Corporation*</i>

STATEMENT OF CORPORATE GOVERNANCE AND INTERNAL CONTROL (CONTINUED)

It is the Corporation's responsibility to bring independent judgement to bear on issues of strategy, performance, resources and standards of conduct.

The Corporation is provided with regular and timely information on the overall financial performance of the College together with other information such as performance against funding targets, proposed capital expenditure, quality matters and personnel-related matters such as health and safety, staffing, safeguarding and environmental issues. The Corporation meets each term. During the year ended 31 July 2021 average attendance at Corporation meetings was 86%.

The Corporation conducts its business through a number of committees. Each committee has terms of reference, which have been approved by the Corporation. These committees are Audit, Search & Governance, Finance & General Purposes, Quality & Standards and Remuneration.

Full minutes of all meetings except those deemed to be confidential by the Corporation are available on the College's website (www.wilberforce.ac.uk) or from the Clerk to the Corporation at:

Wilberforce College
Saltshouse Road
HULL
HU8 9HD

The Clerk to the Corporation maintains a register of financial and personal interests of the governors. The register is available for inspection at the above address.

All governors are able to take independent professional advice in furtherance of their duties at the College's expense and have access to the Clerk to the Corporation, who is responsible to the Board for ensuring that all applicable procedures and regulations are complied with. The appointment, evaluation and removal of the Clerk are matters for the Corporation as a whole.

Formal agendas, papers and reports are supplied to governors in a timely manner, prior to Board meetings. Briefings are also provided on a regular and ad hoc basis.

The Corporation has a strong and independent non-executive element and no individual or group dominates its decision making process. The Corporation considers that each of its non-executive members is independent of management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement.

There is a clear division of responsibility in that the roles of the Corporation and Accounting Officer are separate.

Appointments to the Corporation

Any new appointments to the Corporation are a matter for the consideration of the Corporation as a whole. The Corporation has a Search & Governance Committee, consisting of six members of the Corporation, which is responsible for the selection and nomination of any new member for the Corporation's consideration and subsequent approval. The Corporation is responsible for ensuring that appropriate training is provided as required.

Members of the Corporation are appointed for a term of office not exceeding four years.

Corporate performance

The Corporation was self-assessed in 2020/2021 as 'Good' and this reflects the grade at the last Ofsted inspection in February 2018.

The Corporation will carry out a self-assessment of its own performance for the year ended 31 July 2021 in the Autumn term, in line with the College's self-assessment cycle and following release of provisional student outcomes. A summary of this self-assessment will be included in the whole College self-assessment report. Each committee assesses its own performance at the last meeting of the academic year.

STATEMENT OF CORPORATE GOVERNANCE AND INTERNAL CONTROL (CONTINUED)**Quality & Standards Committee**

Throughout the year ended 31 July 2021, the College's Quality & Standards Committee comprised of six members of the Corporation. The committee's responsibility is to monitor the College's quality assurance activities and to interrogate the target setting process.

Remuneration Committee

Throughout the year ended 31 July 2021, the College's Remuneration Committee comprised of four members of the Corporation.

The committee's responsibilities are to receive the appraisal outcomes from senior post-holders, the Accounting Officer and the Clerk. The committee considers and approves the conditions of service and remuneration of senior post-holders, the Accounting Officer and the Clerk.

Details of remuneration for the year ended 31 July 2021 are set out in note 6 to the financial statements.

Finance & General Purposes Committee

Throughout the year ended 31 July 2021, the College's Finance & General Purposes Committee comprised of seven members of the Corporation, including one Chartered Accountant.

The committee's responsibilities are to scrutinise and monitor the financial performance of the College and efficient and effective use of resources to ensure the financial wellbeing of the College and appropriate use of public funds.

Audit Committee

Throughout the year ended 31 July 2021, the Audit Committee comprised of four members of the Corporation (excluding the Accounting Officer). The committee operates in accordance with written terms of reference approved by the Corporation.

The Audit Committee meets on a termly basis and provides a forum for reporting by the College's regularity reporting accountants and financial statements auditors, who have access to the committee for independent discussion, without the presence of College management. The committee also receives and considers reports from the FE funding body, as they affect the College's business.

Management is responsible for the implementation of agreed audit recommendations. The Audit Committee monitors the status of all audit recommendations and ensures that the recommendations are implemented. The Corporation agreed not to appoint internal audit services from 1 August 2015 and has undertaken a review of key risks and assurances from the Board Assurance Framework. Annual audit plans are devised with a view to engaging external work from appropriate specialists and extending the remit of external audit if and when required.

The Audit Committee also advises the Corporation on the appointment of external assurance advisers, financial statements auditors and regularity reporting accountants and their remuneration for both audit and non-audit work as well as reporting annually to the Corporation.

Search & Governance Committee

Throughout the year ended 31 July 2021, the Search & Governance Committee comprised of six members of the Corporation. The committee operates in accordance with written terms of reference, also approved at this meeting.

STATEMENT OF CORPORATE GOVERNANCE AND INTERNAL CONTROL (CONTINUED)**Internal Control***Scope of responsibility*

The Corporation is ultimately responsible for the College's system of internal control and for reviewing its effectiveness. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Corporation has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for maintaining a sound system of internal control that supports the achievement of the College's policies, aims and objectives, whilst safeguarding the public funds and assets for which he is personally responsible, in accordance with the responsibilities assigned to him in the Funding Agreement between Wilberforce College and the funding body. He is also responsible for reporting to the Corporation any material weaknesses or breakdowns in internal control.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of College policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Wilberforce College for the year ended 31 July 2021 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The Corporation has reviewed the key risks to which the College is exposed, together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Corporation is of the view that there is a formal ongoing process for identifying, evaluating and managing the College's significant risks that has been in place for the period ending 31 July 2021 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Corporation.

The risk and control framework

The system of internal control is based on a framework of regular management information, administrative procedures including the segregation of duties, and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting systems with an annual budget, which is reviewed and agreed by the governing body
- regular reviews by the governing body of periodic and annual financial reports which indicate financial performance against forecasts
- setting targets to measure financial and other performance
- clearly defined capital investment control guidelines
- the adoption of formal project management disciplines, where appropriate.

The College did not appoint an internal audit service for the year ended 31 July 2021. College management and Governors have assessed the internal controls and utilise a Board Assurance Framework, clearly showing the mapping of assurance sources against the risks identified. This methodology is now embedded into College systems and is an appropriate alternative to internal audit.

The College analysed the risks to which it was exposed and a programme of assurance was agreed with the Audit Committee. The Committee was provided with regular reports on this assurance activity in the College which included:

- ILR exemption reports
- GDPR process financial procedures

STATEMENT OF CORPORATE GOVERNANCE AND INTERNAL CONTROL (CONTINUED)**Statement from the audit committee**

The audit committee has advised the board of governors that the corporation has an effective framework for governance and risk management in place. The audit committee believes the corporation has effective internal controls in place. The specific areas of work undertaken by the audit committee in 2020/21 and up to the date of the approval of the financial statements are:

- Review of Capital Bids,
- Review of the Single Central Register,

Review of effectiveness

As Accounting Officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. His review of the effectiveness of the system of internal control is informed by:

- the work of the internal quality function determined by the Audit Committee in line with the Board Assurance Framework
- the work of the executive managers within the College who have responsibility for the development and maintenance of the internal control framework
- comments made by the College's financial statements auditors in their management letters and other reports.

The Accounting Officer has been advised on the implications of the result of his review of the effectiveness of the system of internal control by the Audit Committee which oversees the work of the internal quality function and other sources of assurance, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

The Accounting Officer and Senior Leadership team receive reports setting out key performance and risk indicators and consider possible control issues brought to their attention by early warning mechanisms, which are embedded within the departments and reinforced by risk awareness training. The Accounting Officer, Senior Leadership team and the Audit Committee also receive regular reports commissioned by the Audit Committee and other sources of assurance, which include recommendations for improvement. The Audit Committee's role in this area is confined to a high-level review of the arrangements for internal control. The Corporation's agenda includes a regular item for consideration of risk and control and receives reports thereon from the Senior Leadership team and the Audit Committee.

The emphasis is on obtaining the relevant degree of assurance and not merely reporting by exception. At its December 2021 meeting, the Corporation carried out the annual assessment for the year ended 31 July 2021 by considering documentation from the Senior Leadership team and taking account of events since 31 July 2021.

Based on the advice of the Audit Committee and the Accounting Officer the Corporation is of the opinion that the College has an adequate and effective framework for governance, risk management and control, and has fulfilled its statutory responsibility for "the effective and efficient use of resources, the solvency of the institution and the body and the safeguarding of their assets".

Approved by order of the members of the Corporation on 8th December 2021 and signed on its behalf by:

Patricia Mould - Chair
Colin Peaks - Accounting Officer

GOVERNING BODY'S STATEMENT ON THE COLLEGE'S REGULARITY, PROPRIETY AND COMPLIANCE WITH FUNDING BODY TERMS AND CONDITIONS OF FUNDING

The Corporation has considered its responsibility to notify the Education and Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of funding, under the Corporation's grant funding agreements and contracts with ESFA. As part of our consideration we have had due regard to the requirements of the grant funding agreements and contracts with ESFA.

We confirm on behalf of the Corporation, that after due enquiry, and to the best of our knowledge, we are able to identify any material irregular or improper use of funds by the Corporation, or material non-compliance with the terms and conditions of funding under the Corporation's grant funding agreements with contracts with EFSA or any other public funder.

We confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the ESFA.

Patricia Mould - Chair
Colin Peaks - Accounting Officer

STATEMENT OF RESPONSIBILITIES OF THE MEMBERS OF THE CORPORATION

The members of the Corporation of the College are required to present audited financial statements for each financial year.

Within the terms and conditions of the Corporation's Conditions of Funding with the ESFA and any relevant funding bodies, the Corporation, through its Accounting Officer, is required to prepare financial statements for each financial year in accordance with the Statement of Recommended Practice – Accounting for Further and Higher Education (F & HE SORP 2019) and with the College Accounts Direction 2020 to 2021 issued by the ESFA, and which give a true and fair view of the state of affairs of the Corporation and the result for that year.

In preparing the financial statements the Corporation is required to:

- select suitable accounting policies and apply them consistently
- make judgements and estimates that are reasonable and prudent
- state whether applicable Accounting Standards have been followed, subject to any material departure disclosed and explained in the financial statements
- assess whether the corporation is a going concern, noting the key supporting assumptions qualifications or mitigating actions as appropriate
- prepare financial statements on the going concern basis unless it is inappropriate to assume that the College will continue in operation.

The Corporation is also required to prepare a report of the Governing Body which describes what it is trying to do and how it is going about it, including the legal and administrative status of the Corporation.

The Corporation is responsible for keeping proper accounting records that disclose with reasonable accuracy, at any time, the financial position of the Corporation, and which enable it to ensure that the financial statements are prepared in accordance with the relevant legislation including the Further and Higher Education Act 1992 and Charities Act 2011, and relevant accounting standards. It is responsible for taking steps that are reasonably open to it in order to safeguard assets of the College and to prevent and detect fraud and other irregularities.

The maintenance and integrity of the Corporation website is the responsibility of the Corporation of the College; the work carried out by the auditors does not involve consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Members of the Corporation are responsible for ensuring that expenditure and income are applied for the purposes intended by Parliament and that the financial transactions conform to the authorities that govern them. In addition they are responsible for ensuring that funds from the ESFA and any other public funds are used only in accordance with the ESFA'S grant funding agreements and contracts and any other conditions that may be prescribed from time to time by the ESFA or any other public funder. Members of the Corporation must ensure that there are appropriate financial and management controls in place in order to safeguard public and other funds and ensure they are used properly. In addition, members of the Corporation are responsible for securing economical, efficient and effective management of the Corporation's resources and expenditure, so that the benefits that should be derived from the application of public funds from the ESFA and other public bodies are not put at risk.

Approved by order of the members of the Corporation on 8th December 2021 and signed on its behalf by:

Patricia Mould
Chair

INDEPENDENT AUDITOR'S REPORT TO THE CORPORATION OF WILBERFORCE SIXTH FORM COLLEGE**Opinion**

We have audited the financial statements of Wilberforce Sixth Form College (the "College") for the year ended 31 July 2021 which comprise the College statements of comprehensive income, the College balance sheet, the College statement of changes in reserves, the College statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the College's affairs as at 31 July 2021 and of the College's deficit of income over expenditure for the year then ended; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the governors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the college's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the governors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Report and Financial Statements other than the financial statements and our auditor's report thereon. The governors are responsible for the other information contained within the Report and Financial Statements. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE CORPORATION OF WILBERFORCE SIXTH FORM COLLEGE
(CONTINUED)****Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Post-16 Audit Code of Practice 2020 to 2021 issued by the Education and Skills Funding Agency requires us to report to you if, in our opinion:

- adequate accounting records have not been kept;
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations required for our audit.

Responsibilities of the Corporation of Wilberforce Sixth Form College

As explained more fully in the Statement of the Corporation's Responsibilities set out on page 25, the Corporation is responsible for the preparation of financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Corporation determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Corporation is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Corporation either intend to liquidate the College or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the sector, including the legal and regulatory framework that the College operate in and how the College are complying with the legal and regulatory framework;

**INDEPENDENT AUDITOR'S REPORT TO THE CORPORATION OF WILBERFORCE SIXTH FORM COLLEGE
(CONTINUED)****The extent to which the audit was considered capable of detecting irregularities, including fraud (continued)**

- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, Further and Higher Education SORP, the College Accounts Direction published by the Education and Skills Funding Agency. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included reviewing financial statement disclosures.

The most significant laws and regulations that have an indirect impact on the financial statements are those which are in relation to the Education Inspection Framework under the Education and Inspections Act 2006 and Keeping Children Safe in Education under the Education Act 2002. We performed audit procedures to inquire of management whether the College is in compliance with these law and regulations and inspected correspondence with licensing or regulatory authorities.

The audit engagement team identified the risk of management override of controls as the area where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments and evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business, challenging judgments and estimates.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Corporation, as a body, in accordance with the Funding Agreement published by the Education and Skills Funding Agency and our engagement letter dated 29 October 2021. Our audit work has been undertaken so that we might state to the Corporation, as a body, those matters we are engaged to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Corporation, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021**1 Accounting policies****General information**

Wilberforce Sixth Form College is a corporation established under the Further and Higher Education Act 1992 as an English general college of further education. The address of the College's principal place of business is given on page 19. The nature of the College's operations are set out in the Report of the Governing Body.

Basis of accounting

These financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting for Further and Higher Education 2019 (the F & HE SORP 2019), the College Accounts Direction for 2020 to 2021 and in accordance with Financial Reporting Standard 102 – "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" (FRS 102) under the historical cost convention. The College is a public benefit entity and has therefore applied the relevant public benefit requirements of FRS 102.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

The financial statements are presented in sterling which is also the functional currency of the College.

Monetary amounts in these financial statements are rounded to the nearest whole £1,000, except where otherwise indicated.

Going concern

The activities of the College, together with the factors likely to affect its future development and performance are set out in the Report of the Governing Body. The financial position of the College, its cash flow, liquidity and borrowings are presented in the Financial Statements and accompanying Notes.

The latest two year financial plan prepared by the College covers the period 2021-23. This shows that the College expects to maintain a healthy financial position over the period of the plan. The College currently has £312,000 of loans outstanding with banks and has cash at bank or in short term investments of £2,072,000. Cash flow forecasts for the period to 31st July 2023 show cash balances will remain healthy.

Accordingly the College has a reasonable expectation that it has adequate resources to continue in operational existence for the foreseeable future, the forecast covers the period to at least July 2023, and for this reason will continue to adopt the going concern basis in the preparation of its Financial Statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)**1 Accounting policies (continued)****Recognition of income****Grants – government and non-government**

Government revenue grants are accounted for under the accrual model and are recognised where a reliable estimate of the fair value of the asset received or receivable can be made on a systematic basis over the periods in which the related costs for which the grant compensates are recognised.

Funding body recurrent grants are measured in line with best estimates for the year of what is receivable and depend on the particular income stream involved. Any under achievement of the Adult Education Budget outside of permitted tolerance levels is adjusted for and reflected in the level of recurrent grant recognised in comprehensive income. The final grant income is normally determined with the conclusion of the year end reconciliation process with the funding body following the year end.

16-18 learner-responsive funding is not normally subject to reconciliation and is therefore not subject to contract adjustments and is recognised when receivable.

Grants from non-government sources, including grants relating to assets, are recognised in income when the College has met the performance-related conditions and the grant will be received. Income received in advance of performance related conditions being met is recognised as a liability.

Government capital grants for assets, other than land, are accounted for under the accrual model. The grant income received or receivable will be recognised over the expected useful life of the asset, with any amount of the asset-related grant that is deferred being recognised as deferred income. The deferred income is allocated between creditors due within one year and those due after more than one year.

Other income

Income from the supply of services is recognised at fair value of the consideration received or receivable and represents the value of services to the extent there is a right to consideration.

All income from short-term deposits is accrued in the period in which it is earned on a receivable basis.

Retirement benefits

Retirement benefits to employees of the College are principally provided by Teachers' Pensions Scheme (TPS) and the East Riding Pension Fund (ERPF), which are multi-employer defined benefit plans.

The TPS is an unfunded scheme. Contributions to the TPS are calculated so as to spread the cost of pensions over employees' working lives with the College in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of valuations using a projected unit method. The TPS is a multi-employer scheme but sufficient information is not available to use defined benefit accounting and therefore it is accounted for as a defined contribution scheme, with the amount charged to the Statement of Comprehensive Income being the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)**1 Accounting policies (continued)****Retirement benefits (continued)**

The ERPF is a funded scheme, and the assets of the scheme are held separately. Pension schemes are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs. The net interest cost on the net defined benefit liability/asset is charged to comprehensive income and included within finance costs. Re-measurement comprising actuarial gains and losses and the return on scheme assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in other comprehensive income.

Short term employment benefits

Short term employment benefits such as salaries and compensated absences (holiday pay) are recognised as an expense in the year in which the employees render service to the College. The cost of any unused holiday entitlement the College expects to pay in future periods is recognised in the period the employees' services are rendered.

Enhanced pensions

The actual cost of any enhanced ongoing pension to a former member of staff is paid by the College annually. An estimate of the expected future cost of any enhancement to the ongoing pension of a former member of staff is charged in full to comprehensive income in the year that the member of staff retires. In subsequent years a charge is made to provisions in the balance sheet using the enhanced pension spreadsheet provided by the funding body.

Tangible fixed assets

Tangible fixed assets are stated at deemed cost less accumulated depreciation and accumulated impairment losses.

Land and buildings

Land and buildings are stated at deemed cost at the date of transition to FRS 102 less accumulated depreciation and accumulated impairment losses.

Equipment

Equipment costing less than £2,000 per individual item is recognised as expenditure in the period of acquisition. All other equipment is capitalised and recognised at cost less accumulated depreciation and accumulated impairment losses.

Depreciation and residual values

Freehold land is not depreciated as it is considered to have an infinite useful life. Depreciation on other assets is calculated, using the straight line basis, to write off the cost of each asset to its estimated residual value over its expected useful lives, as follows:

- | | |
|------------------------------------|------------------------|
| • General equipment | 4 years |
| • Computer equipment | 4 years |
| • Furniture, fixtures and fittings | between 5 and 15 years |
| • Freehold buildings | between 5 and 50 years |

Residual value is calculated on prices prevailing at the reporting date, after estimated costs of disposal, for the asset as if it were at the age and in the condition expected at the end of its useful life.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)**1 Accounting policies (continued)****Tangible fixed assets (continued)**

Subsequent costs, including replacement parts, are only capitalised when it is probable that such costs will generate future economic benefits. Any replaced parts are then derecognised. All other costs of repairs and maintenance are expenses as incurred.

Impairments of fixed assets

An assessment is made at each reporting date of whether there are indications that a fixed asset may be impaired or that an impairment loss previously recognised has fully or partially reversed. If such indications exist, an estimate is made of the recoverable amount of the asset.

Shortfalls between the carrying value of fixed assets and their recoverable amounts, being the higher of fair value less costs to sell and value-in-use, are recognised as impairment losses. Impairment of revalued assets, are treated as a revaluation loss. All other impairment losses are recognised in comprehensive income.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Reversals of impairment losses are recognised in comprehensive income or, for revalued assets, as a revaluation gain. On reversal of an impairment loss, the depreciation or amortisation is adjusted to allocate the asset's revised carrying amount (less any residual value) over its remaining useful life.

Borrowing costs

Borrowing costs are recognised as expenditure in the period in which they are incurred.

Leased assets

All leases are operating leases and annual rents are charged to comprehensive income on a straight line basis over the lease term.

Investments

Investments include bank deposits which have a maturity of more than three months from the date of acquisition.

Cash and cash equivalents

Cash includes cash in hand, deposits repayable on demand and overdrafts.

Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash with insignificant risk of change in value. An investment qualifies as a cash equivalent when it has maturity of three months or less from the date of acquisition.

Financial instruments

The College has chosen to adopt Sections 11 and 12 of FRS 102 in full in respect of financial instruments.

Financial assets and liabilities

Financial assets and financial liabilities are recognised when the College becomes a party to the contractual provisions of the instrument.

Financial liabilities are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)**1 Accounting policies (continued)****Financial instruments (continued)**

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets measured at fair value through the profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless arrangement constitutes a financing transaction. A financial asset or financial liability that is payable or receivable in one year is measured at the undiscounted amount expected to be received or paid net of impairment, unless it is a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and financial liabilities are offset only when there is a current legally enforceable right to set off the recognised amounts and the intention to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

A financial asset is de-recognised only when the contractual rights to cash flows expire or are settled, or substantially all the risks and rewards of ownership are transferred to another party, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is de-recognised when the obligation specified in the contract is discharged, cancelled or expires.

Taxation

The College is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the College is potentially exempt from taxation in respect of income or capital gains received within categories covered by sections 478-488 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

The College receives no similar exemption in respect of value added tax. For this reason the College is generally unable to recover input VAT it suffers on goods and services purchased. Capital costs and non-pay expenditure are therefore shown inclusive of VAT with any partial recovery netted off against these figures.

Provisions and contingent liabilities

Provisions are recognised when the College has a present legal or constructive obligation as a result of a past event, it is probable that a transfer of economic benefit will be required to settle the obligation and the amount of the obligation can be reliably measured.

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised as a finance cost in the statement of comprehensive income in the period it arises.

A contingent liability arises from a past event that gives the College a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the College. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be reliably measured.

Contingent liabilities are not recognised in the balance sheet but are disclosed in the notes to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)**1 Accounting policies (continued)****Agency arrangements**

The College acts as an agent in distributing certain discretionary support funds from the funding body. Payments received from the funding body and subsequent disbursements to students are excluded from the income and expenditure of the College where the College does not have control of the economic benefit related to the transaction.

2 Critical accounting judgements and estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical areas of judgement

In preparing these financial statements, management have made the following judgements:

- Determined whether leases entered into by the College as a lessee are operating or finance leases.

*Critical accounting estimates and assumptions***East Riding Pension Fund**

The present value of the East Riding Pension Fund defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 20, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2019 has been used by the actuary in valuing the pensions liability at 31 July 2021. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability

Tangible fixed assets

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, maintenance programmes, economic utilisation and physical condition of the assets are taken into account. Residual value assessments consider issues such as future market conditions and the remaining life of the asset.

Impairment of fixed assets

The College considers whether tangible fixed assets are impaired. Where an indication of impairment is identified the estimation of the recoverable amount of the asset or the recoverable amount of the cash-generating unit is required. These will require an estimation of the future cash flow and selection of appropriate discount rates in order to calculate the net present value of those cash flows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)
3 Funding body grants

	2021 £'000	2020 £'000
Recurrent grants		
Education and Skills Funding Agency - adult	40	30
Education and Skills Funding Agency - 16-18	6002	5,803
Specific grants		
Education and Skills Funding Agency – provider relief scheme	-	-
Teacher Pension Scheme contribution grant	223	202
Education and Skills Funding Agency	533	397
Releases of government capital grants	46	44
Education and Skills Funding Agency-[16-19 Tuition fund]	119	-
Education and Skills Funding Agency-[COVID 19 Mass Testing Funding]	14	-
Total	<u>6977</u>	<u>6,476</u>

Under the provider release scheme, the corporation received funding of £0 from the ESFA. The corporation has been eligible to claim additional funding in year from government support schemes in response the coronavirus outbreak.

The funding received for Tuition Fund covered costs of £119,000 and the funding received for COVID 19 Mass Testing Funding covered costs of £14,000 in 2020 to 2021.

4 Other income

	2021 £'000	2020 £'000
Catering	53	76
Other income generating activities	2	10
Coronavirus Job Retention Scheme grant	11	25
Miscellaneous income	355	240
Total	<u>421</u>	<u>351</u>

The corporation furloughed the catering staff under the government's Coronavirus Job Retention Scheme. The funding received of £11k relates to staff costs in 2020 to 2021 which are included within the staff costs note below as appropriate.

5 Investment income

	2021 £'000	2020 £'000
Other interest receivable	-	11

Key management personnel compensation (continued)

Emoluments of key management personnel, Accounting Officer and other higher paid staff

	2021 No.	2020 No.
The number of key management personnel including the Accounting Officer was:	6	6

The number of key management personnel and other staff who received annual emoluments, excluding pension contributions and employer's national insurance but including benefits in kind, in the following ranges was:

	Key management personnel	
	2021 No.	2020 No.
£ 20,001 to £25,000 p.a.	-	1
£50,001 to £55,000 p.a.	-	1
£55,001 to £60,000 p.a.	1	1
£60,001 to £65,000 p.a.	1	1
£65,001 to £70,000 p.a.	1	1
£70,001 to £75,000 p.a.	2	-
£105,001 to £110,000 p.a.	-	1
£110,001 to £115,000 p.a.	1	-
	<u>6</u>	<u>6</u>

Key management personnel (including the Accounting Officer) total compensation is made up as follows:

	2021 £'000	2020 £'000
Salaries	451	369
National Insurance	55	44
	<u>506</u>	<u>413</u>
Pension contributions	89	60
Total emoluments	<u>595</u>	<u>473</u>

There were no benefits in kind. There were no amounts due to key management personnel that were waived in the year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)
6 Staff costs and key management personnel remuneration (continued)

	2021 £'000	2020 £'000
Salary of the Accounting Officer	115	109
National Insurance of the Accounting Officer	15	14
	<u>130</u>	<u>123</u>
Pension contributions of the Accounting Officer	<u>9</u>	<u>4</u>

The Remuneration Committee reviewed the salary and performance of the Principal and considered benchmarking data from the S.F.C.A. The Committee were in agreement that an increase should be awarded and discussed whether this should be one or two points on the scale. After much discussion, it was agreed that this will be a one point increase this year, due to financial pressures on the college.

At the same meeting of the remuneration Committee all other key management posts were also considered. Factors considered included benchmarking across the sector together with performance measured against key criteria identified within the College Development Plan.

	2021 No	2020 No
Basic salary as a multiple of median basic salary of staff	3.5	3
Total remuneration as a multiple of median total remuneration of staff	3.5	3

The above multiples are based on the salaries of employees with contracted hours and therefore exclude casual employees.

Governors' remuneration

The Accounting Officer and the staff members only receive remuneration in respect of services they provide undertaking their roles of Principal and staff members under contracts of employment and not in respect of their roles as governors. The other members of the Corporation did not receive any payments from the College in respect of their roles as governors.

During the year no governors (2020: no governors) were paid £nil (2020: £nil) in respect of travel and subsistence expenses and other out of pocket expenses incurred in the course of their duties

Bank loans repayable as follows:		
In one year or less	178	175
Between one and two years	82	184
Between two and five years	52	125
In five years or more	-	9
Total	312	493

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)
14 Creditors: amounts falling due after one year (continued)

The remaining balance on the original bank loan of £1,500,000 with Lloyds is £139,629 at 31 July 2021. This loan is unsecured with a fixed interest rate of 5.915% per annum and is repayable by quarterly variable instalments from 2 July 2007 to 30 June 2022.

The remaining balance on the £300,000 bank loan taken out in July 2010 with Barclays is £ 99,028 at 31 July 2021. This loan is unsecured with a fixed interest rate of 4.20% per annum and is repayable by quarterly variable instalments from 14 October 2010 to 14 July 2025.

The remaining balance on the £200,000 bank loan taken out in December 2010 with Barclays is £ 74,057 at 31 July 2021. This loan is unsecured with a fixed interest rate of 4.35% per annum and is repayable by quarterly variable instalments from 10 March 2011 to 10 December 2025.

15 Provisions for liabilities

	Enhanced pensions £'000
	167
At 1 August 2020	
Amounts utilised	(16)
Changes in period charged to Statement of Comprehensive Income	<u>7</u>
At 31 July 2021	<u>158</u>

The enhanced pension provision relates to the cost of staff who have already left the College's employ and commitments for reorganisation costs from which the College cannot reasonably withdraw at the balance sheet date. This provision has been recalculated in accordance with guidance issued by the funding body.

The principal assumptions for this calculation are:

	2021 £'000	2020 £'000
Price inflation	2.6%	2.2%
Discount rate	1.6%	1.3%

20 Retirement benefits

The College's employees belong to two principal post-employment benefit plans: the Teachers' Pensions Scheme England and Wales (TPS) for academic and related staff; and the East Riding Pension Fund (ERPF) for non-teaching staff which is managed by East Riding of Yorkshire Council. Both are multi-employer defined-benefit plans.

Total pension cost for the year

	2021 £'000	2020 £'000
Teachers' Pension Scheme contributions paid	529	523
East Riding Pension Fund:		
Contributions paid - normal	257	234
FRS 102 (28) charge	<u>283</u>	<u>201</u>
Charge to the Statement of Comprehensive Income	540	435
Enhanced pension charge/(credits) to the Statement of Comprehensive Income	7	35
	<hr/>	<hr/>
Total pension cost for the year within staff costs	<u>1076</u>	<u>993</u>

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest formal actuarial valuation of the TPS was 31 March 2016 and the ERPF 31 March 2019.

There were no outstanding or prepaid contributions at either the beginning or the end of the financial year.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. The TPS is an unfunded scheme and members contribute on a 'pay as you go' basis – these contributions, along with those made by employers, are credited to the Exchequer. The TPS is a multi-employer pension plan and there is insufficient information to account for the scheme on as a defined benefit plan so it is accounted for as a defined contribution plan.

Valuation of the Teachers' Pension Scheme

Not less than every four years the Government Actuary ("GA"), using normal actuarial principles, conducts a formal actuarial review of the TPS. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors.

The latest actuarial valuation was carried out as at 31 March 2016 and in accordance with The Public Service Pensions (Valuation and Employer Cost Cap) Directions 2014 except it has been prepared following the Government's decision to pause the operation of the cost control mechanisms at the time when legal challenges were still pending.

Valuation of the Teachers' Pension Scheme

The valuation report was published in April 2019. The key results of the valuation and subsequent consultation are:

- Total scheme liabilities for service (pensions currently payable and the estimated cost of future benefits) of £218 billion
- Value of notional assets (estimated future contributions together with the proceeds from the notional investments held at the valuation date) of £196 billion
- Notional past service deficit of £22 billion
- Discount rate is 2.4% in excess of CPI.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)
20 Retirement benefits (continued)
Valuation of the Teachers' Pension Scheme (continued)

The employer contributions rates were set at 23.68% of pensionable pay from September 2021 onwards (compared to 23.68% during 2020/21). DfE has agreed to pay a teacher pension employer contribution grant to cover the additional costs during the 2021-22 academic year.

The pension costs paid to TPS in the year amounted to £ 529,000 (2020: £523,000).

The next valuation result is due to be implemented from 1 April 2023.

East Riding Pension Fund

The ERPF is a funded defined benefit scheme, with the assets held in separate funds administered by the local authority. The total contribution made for year ended 31 July 2021 was £322,000 (2020: £295,000) of which employers' contributions totaled £257,000 (2020: £234,000) and employees' contributions totaled £ 65,000 (2020: £61,000). The agreed contribution rates for future years are 23.8 % for employers and range from 5.5 % to 12.52 % for employees.

Retirement and other pension benefits are paid by public funds provided by Parliament.

Principal Actuarial Assumptions

The following information is based upon a full actuarial valuation of the fund at 31 March 2019 updated to 31 July 2021 by a qualified independent actuary.

	At 31 July 2021	At 31 July 2020
Rate of increase in salaries	3.7%	3.0%
Future pension increases	2.8%	2.1%
Discount rate	1.6%	1.4%
Inflation assumption (CPI)	2.6%	2.2%
Commutation of pensions to lump sums	see note **	see note **

** 30% for pre-April 2008 service and 65% for post-April 2008 service.

The average life expectancy for a pensioner retiring at 65 on the reporting date is:

	At 31 July 2021	At 31 July 2020
<i>Retiring today</i>		
Males	21 years	20.9 years
Females	23.7 years	23.3 years
<i>Retiring in 20 years</i>		
Males	22.2 years	21.8 years
Females	25.5 years	24.8 years

Fair value of plan assets at start of period	7,009	7,017
Interest income	99	156
Return on plan assets (excluding net interest on the net defined benefit liability)	1,197	(302)
Employer contributions	257	234
Contributions by scheme participants	65	61
Benefits paid	(181)	(157)
	<hr/>	<hr/>
Fair value of plan assets at end of period	8,446	7,009
	<hr/>	<hr/>

The current valuation does not reflect the expected increase in benefits and therefore liability as a result of Guaranteed Minimum Pension ('GMP') equalisation between men and women which is required as a result of the removal of the Additional State Pension. Methodologies for a long-term solution are still being investigated by the Government as set out in the published (January 2018) outcome of the Government Consultation 'Indexation and Equalisation of GMP in Public Service Pensions Schemes' and therefore the expected impact cannot be reliably estimated and consequently no provision/liability has been recognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2021 (CONTINUED)
21 Related party transactions

Key management compensation disclosure is given in note 6.

22 Amounts disbursed as agent

	2021	2020
	£'000	£'000
Bursary funds and discretionary bursary awards		
Funding body grants	310	287
Disbursed to Students	(260)	(270)
Administration Costs	<u>16</u>	<u>12</u>
Balance unspent at 31 July	<u>34</u>	<u>5</u>

Funding body grants are available solely for students. In the majority of instances, the College only acts only as a paying agent. In these circumstances, the grants and related disbursements are therefore excluded from the Statement of Comprehensive Income.

INDEPENDENT REPORTING ACCOUNTANT'S REPORT ON REGULARITY TO THE CORPORATION OF WILBERFORCE SIXTH FORM COLLEGE AND THE SECRETARY OF STATE FOR EDUCATION ACTING THROUGH THE EDUCATION AND SKILLS FUNDING AGENCY

Conclusion

We have carried out an engagement, in accordance with the terms of our engagement letter dated 26 October 2020 and further to the requirements of the grant funding agreements and contracts with the Education and Skills Funding Agency (the "ESFA") or any other public funder, to obtain limited assurance about whether the expenditure disbursed and income received by Wilberforce Sixth Form College during the period 1 August 2020 to 31 July 2021 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the period 1 August 2020 to 31 July 2021 have not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

Basis for conclusion

The framework that has been applied is set out in the Post-16 Audit Code of Practice (the Code) issued by the ESFA and in any relevant conditions of funding concerning adult education notified by a relevant funder. In line with this framework, our work has specifically not considered income received from the main funding grants generated through the Individualised Learner Record (ILR) data returns, for which the ESFA has other assurance arrangements in place.

We are independent of the Wilberforce Sixth Form College in accordance with the ethical requirements that are applicable to this engagement and we have fulfilled our ethical requirements in accordance with these requirements. We believe the assurance evidence we have obtained is sufficient to provide a basis for our conclusion

Responsibilities of Corporation of Wilberforce Sixth Form College for regularity

The Corporation of Wilberforce Sixth Form College is responsible, under the grant funding agreements and contracts with the ESFA and the requirements of the Further & Higher Education Act 1992, subsequent legislation and related regulations and guidance, for ensuring that expenditure disbursed and income received are applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them. The corporation of Wilberforce Sixth Form College is also responsible for preparing the Governing Body's Statement of Regularity, Propriety and Compliance.

Reporting accountant's responsibilities for reporting on regularity

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Code.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity. A limited assurance engagement is more limited in scope than a reasonable assurance engagement and the procedures performed vary in nature and timing from, and are less in extent than for a reasonable assurance engagement; consequently a limited assurance engagement does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1 August 2020 to 31 July 2021 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Our work included identification and assessment of the design and operational effectiveness of the controls, policies and procedures that have been implemented to ensure compliance with the framework of authorities including the specific requirements of the grant funding agreements and contracts with the ESFA and high level financial control areas where we identified a material irregularity is likely to arise. We undertook detailed testing, on a sample basis, on the identified areas where a material irregularity is likely to arise where such areas are in respect of controls, policies and procedures that apply to classes of transactions.

This work was integrated with our audit of the financial statements and evidence was also derived from the conduct of that audit to the extent it supports the regularity conclusion.

Use of our report

This report is made solely to the Corporation of Wilberforce Sixth Form College and the Secretary of State for Education acting through the ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to the Corporation of Wilberforce Sixth Form College and the Secretary of State for Education acting through the ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Corporation of Wilberforce Sixth Form College and the Secretary of State for Education acting through the ESFA for our work, for this report, or for the conclusion we have formed.
