Exams & Assessment Officer

This post is focused upon meeting the needs of students before, during and after their examinations and assessments. The College offers courses from Foundation to Advanced Level though most of our students are studying Advanced Level. More than half of the students are studying vocational courses, primarily BTEC. We also offer GCSE, A Level, T Level, City & Guilds, NCFE and UAL courses.

Course registrations, examination entries and assessments occur throughout the academic year, although the significant external examination months are November, January and April through to June each year. We also run mock examinations in line with JCQ regulations twice a year.

This post has arisen due to the current Examinations and Assessment Manager taking on additional responsibilities within the College. The examinations administration is supported by a highly developed Management Information System, which is readily accessed by staff and students. The post holder will work closely with the MIS, central admin and external invigilation team.

The Examinations and Assessment Officer will take delegated responsibility for the efficient and effective administration of examination entries, course registrations, mock exams, onscreen testing, NEA processes and submission of final vocational claims to Awarding Bodies. The Officer will manage the examinations timetable and communicate details to all stakeholders in a range of formats that are both accessible and timely. The post holder will ensure that all JCQ and Awarding Body requirements are fully met, and that accurate and detailed records are securely maintained.

The post holder will manage the setting of examinations, timetable examinations, produce seating plans, train the invigilation staff and effectively deploy the team. This will also involve working closely with our Study Support Manager to develop provision for students with additional needs.

Upon release of examination results, the Officer will take responsibility for ensuring that these are provided to students, and that access to the College's support and guidance team is in place for those who need help making appropriate decisions based on their results. This will include individual and course level appeals, and the ordering of student scripts. The Officer will also provide analysis of results data to the Senior Leadership Team and the teaching teams, which will inform the preparation of plans for improvement.

The successful candidate will be supported in achieving appropriate professional qualifications in examinations administration.

Up to 37 hours per week, term time only, plus 8 additional days to be worked during College holiday periods. (Flexible working will be considered as appropriate to the role). Applications from candidates seeking a substantial part-time role (e.g. 32 hours per week or more) will be considered.
